

Four-Year Course Planner

Use these tables to map out your Upper School curriculum and chart your preparation for college, being sure to meet the Castilleja graduation requirements, the UC eligibility requirements if you plan to apply to a UC or CSU campus, and the recommended courses for college admission. Include your cocurricular activities in order to gauge accurately the amount of time you are committing to your academics and your outside activities. Consult with your advisor and your Castilleja college counselor when selecting and changing your academic program.

Subject Area	Grade 9		Grade 10	
	Fall Semester	Spring Semester	Fall Semester	Spring Semester
