

Scheduling a Visit to Castilleja School

We look forward to having you visit with our students this year. To schedule a visit to campus, please use RepVisits. Once your visit has been confirmed you will receive an email confirmation that includes information about parking, traffic, and Wi-Fi access while on our campus. If you have trouble with the RepVisits site you may email Heidi Gallegos at hgallegos@castilleja.org.

Seniors are able to miss classes in order to meet with admission reps, provided they do not have a test or presentation at the time of the scheduled visit and have received permission from their teacher(s). Juniors may attend if the visit is during one of their free periods. We hope your schedule will allow time for one of us to meet with you as well.

When you arrive to campus, please park in a Visitor space in our main parking lot, located at the corner of Embarcadero and Bryant. Street parking is at a premium, and you should park only on the school side of the block. Visitors to Castilleja are asked not to park in front of private homes in the immediate vicinity of the school, in consideration of our neighbors.

You must check in at the reception desk in our main administrative building, located at 1310 Bryant Street. You will sign in, receive a name tag, and a student host will escort you to the College Counseling Center.

We hope the information available on our website is helpful as you come to know our school. Please feel free to contact us whenever you have questions about our students or programs.

We appreciate your interest in our students and look forward to welcoming you to Castilleja!

Sincerely,

Gabrielle McColgan, gmccolgan@castilleja.org
Director of College Counseling

Alyson Tom, atom@castilleja.org
Associate Director of College Counseling
